

JULIE'S EFFICIENT PROJECTS
TRAILER SPARES SPECIALISTS

Product Catalogue

The risk of having a breakdown with old or damaged truck parts can be significantly reduced by taking good care of your trucks and that means having regular check-ups and replacing old worn-out parts. Let us assist with all your truck and trailer spares needs.

JULIE'S EFFICIENT PROJECTS
TRAILER SPARES SPECIALISTS

In competitive times like these, trucks keep South Africa's economy going and growing. If your workhorse breaks down, deliveries are late – or may even have to come to a halt and services are stalled, which will result in a loss of income and possibly, a loss of new and/or existing clients. To top it off, sourcing quality truck spares at an affordable price can be a daunting and time-consuming task for anyone.

That's where we come in. We aim to provide convenience by being a one-stop power-house of truck spares with a range of products that are new or, if you prefer, PE & ser-vice exchange. No longer will you have to waste precious time looking for the part you need. Our aim is to keep your trucks on the road and in good mechanical condition.
